The community is invited to give feedback on a potential nonprofit center in Lewisville. A nonprofit center is a shared space for partners to provide services to residents.

Serve Denton's mission is to partner with nonprofits to help make their services more accessible for people in need. They make services more accessible by housing multiple nonprofits who provide multiple services under one roof.

The goal of this meeting is to provide information on what a nonprofit center, like Serve Denton, is and to receive feedback from the community to see if this type of shared space is wanted/needed in Lewisville. We are also looking to see what main services the community feels is missing in Lewisville that hopefully this space will be able to fill those gaps and needs.

Play Lewisville on Wheels will be on site to provide activities for kids that are also in attendance.

This event hosted by the City of Lewisville and Serve Denton.

Dated this 1st day of November, 2021.
